

# CARGOPALLET 300 PLUS

The CARGOPALLET 300 PLUS is versatile and robust, has good structural rigidity, resists deformation. Ideal for the textiles, pharmaceuticals, metallurgical, rubber treatment and plastics industries. The overlap of Cargopallet 300 Plus is secured by 4 cylinder/spherical pins obtained directly from the mold on top of the container that fit into appropriate seats machined at the bottom of the legs/runners of container.

The 35 mm recessed ensure maximum safety and stability of the overlap.

Can be stacked and fork-lifted; available with or without wheels. Easy to clean, does not absorb smells or damp and can be stored in the open. Fitted with feet, runners or wheels, can be shifted with a transpallet or a forklift truck. The interior walls are smooth and, for the emptying of liquids, are two side vents with screw plug or ball valves.

Capacity max: 297 dm<sup>3</sup> - Max loading capacity: 300 kg - Maximum charge in piling: 1200 kg

Material: PP and RPP inert to acids, hydrocarbons, alkalis and solvents.

Versions: with 4 feet, with 2 runners , with 4 wheels, 2 runners and 4 wheels

Colors: gray ATX and gray industrial

Accessories: lids, card holder, ball valve, screw plug
